Publication Charges

This journal is an Open Access publication and an article-processing charge (APC) is levied on articles that are accepted for publication by the Editors.

To proceed, please click View Publication Charges which will take you to another window in order to select the relevant payment option.

Once the payment option has been confirmed you will return to this page where you must select the Proceed button below in order to complete your submission.

If your institution, society or organisation has an open access agreement with Springer Nature, the APC amount may be wholly or partly covered by that agreement. For an article to be eligible to be a part of the institutional agreement, the submitting author must be affiliated with the institution.

We provide a free open access funding support service to help authors discover and apply for article processing charge funding. Learn more [here](#).

APC waivers or discounts are granted on a case-by-case basis to authors with no or insufficient funds. Such waivers or discounts can be requested after you have clicked View Publication Charges and a decision will normally be made within two working days.

Submission of the article to the journal can be completed once the payment method has been agreed. Any applicable APC can be paid after editorial acceptance and must be paid prior to publication.

APCs for articles submitted from EU countries are subject to VAT (Value Added Tax). EU customers must supply their VAT Number to be exempt from VAT. UK Customers are not exempt from VAT. APCs for articles submitted from Japan are subject to JCT (Japanese Consumption Tax). If you choose to pay by a method other than by credit card, an administration surcharge will be applied.

For more information, see our [article processing charge FAQ](#).

You, the corresponding author, are required to arrange payment of a processing charge of £980/US\$1,535/€1,250* if your article is accepted for publication. Since you are based in Japan, you will be charged the USD price of US\$1,535. This fee helps to cover the cost of managing peer-review, data conversion, and permanent online hosting (see [more information](#) about SpringerOpen's processing charges).

If your manuscript is accepted, you will be given the option of paying by credit card or invoice. If you believe that payment for your article is covered by an institutional arrangement, please let us know using the form below. In the case of genuine inability to pay, you should request a waiver of the processing charge now, also using the form below.

* Submissions from EU countries are subject to VAT/GST charges. The VAT/GST rate charged will be the rate applicable to your country. Read more [here](#).

Submissions from Japan are subject to JCT (Japanese Consumption Tax). The rate charged is set by the Japanese government. Read more [here](#).

* Subject to tax where applicable.

If you choose to pay by a method other than by credit card, there is a surcharge of £50/US\$75/€55.
