

論文投稿・査読システムのインターフェースが更新されました。これに伴い今後の論文投稿時の作業が一部変更されますので、下記ご確認をお願いいたします。

変更点

- ① 従来、投稿時に「Build PDF」のボタンを押した後に表示される APC 確認と Payment option 選択のページがなくなりました。
- ② そのかわり、「Build PDF」に進む手前の設問欄に、Open Access 出版合意(上段)と、Financial Hardship による APC の割引・免除に関する Question (下段) が以下のように追加されました。

Open Access

This journal is an open access journal that levies an article processing charge (APC) for articles accepted for publication. [View the APC charges for this journal \(opens in a new window\)](#).
If your article is accepted you will need to pay the APC. You have some options to help you with the cost.

- The APC for your article may be covered by one of Springer Nature's fully open access agreements or by a journal partner. We will check this for you if your article is accepted for publication.
- If your research is funded by a grant, check with your research funder to see if you already have funds for APC in your grant.
- Springer Nature can help you look for funding to pay an APC.

Read more about getting help with APCs in our [guide to funding and support services \(opens in a new window\)](#).

Please select a response

By submitting my article I agree to pay the APC in full if my article is accepted for publication (unless it is covered by an institutional agreement or journal partner, or a full waiver has been granted).

Discounts or waivers in cases of financial hardship or if you are from a low or lower-middle-income country

If no funding is available to you, the corresponding author may apply for a discount or waiver. They will have the opportunity to request a discount shortly after you complete your submission by indicating it below. Discount and waiver requests must be made at the point of submission. The journal's editorial team will not have access to your discount request and it will not play any part in the editorial decision made on your article. The corresponding author will be asked to provide evidence to support their request, including details of any funding to date (this does not apply to authors covered by our [policies for low- and lower-middle income countries \(opens in a new window\)](#)).
